

## SV-Online registration for conformation shows

### What is the benefit of the registration portal for the participant?

As of now, you can register your dog for a conformation show via SV-DOxS.

The new registration portal facilitates the **handling of conformation shows**, for the participant as well as for the host.

With a special login and password, you can log-in, **as a participant as well as a host**.

In the section **“My DOxS – My events”** you will find a complete list of the dogs registered for conformation shows with all information.

### What is the benefit of the registration portal for the host?

If you are not in the mood for telephone registrations, an overfull e-mail or mailbox and a mountain of entry forms (partially incomplete or illegible) the registration portal is perfect for you.

As of now, you can administrate your registration office from anywhere. All you need is internet and your regular SV-DOxS login details.

**When your event has been released** the participants can register until the deadline. At once, you will see the list of all entry data, clearly and paperless.

Conveniently, you can **send entry confirmations** (once) **or e-mails** to all participants or you can send additional information about the event to all or particular participants.

You don't need to worry about the backup; all data will be saved on the server.

After the deadline, the entries can be imported into the **PUSCH** software.

All things considered, compared to the single entry of all registrations by telephone, mail or e-mail with partially incomplete or missing data, the entry portal offers **an enormous saving of time**.

## How to choose a class for the entry?

When you selected a wrong class for your dog the following information will be shown:

**Please note the following information:**

- The selected class L-HGH-GHKR (L-HGH-GHKR) is not according to the type of coat/haarart.st of the dog.
- In order to correct the type of coat please submit the original pedigree urgently after the conformation show.

Pic. Information about the class

The criteria for choosing the correct class are type of coat, age and sex.

Complete the lacking information and check the given dog data if all is correct.

**How can I enter owner and, if necessary, co-owner or holder (Handlers are only requested for youth events)?**

**Owner**

Herewith I confirm that I read and accepted the GTC.  
[General Terms and Conditions](#)

Herewith I confirm that I read and accepted the data protection statement.  
[Data privacy statement](#)

With this I confirm that for the entered dog a valid liability for animal insurance and a valid rabies vaccination is existing. Participation is at one's own risk. I commit myself to pay the entry fee, also if for some reason I can't take part in the conformation show.

Of course, the participants are aware that before, during and after the event the dogs have to be kept and handled according to animal welfare; this means that also the preparation for the event is without any force or other actions contrary to animal welfare against the dog. Violation of this rule through the participant and/or a third party causes the immediate exclusion of the concerned dog and the initiation of an internal action against the acting member.

By sending the entry and with my signature I confirm that not any of the listed persons is member in a competitive breed club for the same breed or in a cynological association which is member neither in VDH nor FCI. By submitting the entry form I accept the judge's rating.

\* Those fields are mandatory

Pic. Enter the owner

Confirm the GTC and the data protection statement and click on **"Submit entry"**.

**Submit entry**

## How to act if errors occur?

If the entry is filled out incomplete you receive an error message stating the lacking information.

**Register dog**

Pic. Errors occurred

Complete the lacking information and re-submit the entry.

## When do I receive the entry-confirmation?

After you have successfully submitted your entry, you will get the information, that the entry was submitted.

**The confirmation about the entry you will receive from the host by E-Mail.**

### Important information:

Please be aware that, according to the "Zuchtschauordnung" submitting the entry obliges to pay the entry fee, regardless of, if any reason prevents from participation.

## How can I check my entry-data?

In the section “My SV DOxS – My entries” you can see all dogs you entered for participation in conformation shows.

My entries			
Dog	Class	Conformation show	Date

## How can I delete an entry?

Dogs can't be deleted from the participant oneself. Sending the entry is binding and obliges to pay the entry fee. Should you have any questions regarding this matter please send an e-mail to the event manager.

### **Tipp:**

You can use the SV Online registration portal with **computer, tablet or smartphone.**
